**BIDDER'S IFB CHECKLIST**

The 10 Most Critical Things to Keep in Mind When Responding to an IFB for GVB

1. \_\_\_\_\_ **Read the *entire* document.** Note critical items such as: mandatory requirements; supplies/services required; submittal dates; number of copies required for submittal; contract requirements.
2. \_\_\_\_\_ **Note the procurement officer's name, address, phone numbers and e-mail address.** This is the only person you are allowed to communicate with regarding the IFB and is an excellent source of information for any questions you may have.
3. \_\_\_\_\_ **Attend the pre-bid conference.** These conferences provide an opportunity to ask clarifying questions, obtain a better understanding of the project, or to notify GVB of any ambiguities, inconsistencies, or errors in the IFB.
4. \_\_\_\_\_ **Take advantage of the "question and answer" period.** Submit your **written** questions to the procurement officer by the due date listed in the MULTI-STEP INVITATION FOR BID and view the answers given. Should an addendum be required, GVB will issue a formal "addendum" for the IFB. All addenda issued for an IFB are posted on GVB's website.
5. \_\_\_\_\_ **Follow the format required in the IFB** when preparing your response. Provide point-by-point responses to all sections in a clear and concise manner.
6. \_\_\_\_\_ **Provide complete answers/description.** Read and answer **all** questions and requirements. Don't assume GVB or evaluation committee will know what your company capabilities are or what items/services you can provide, even if you have previously contracted with GVB. The bids are evaluated based solely on the information and materials provided in your response.
7. \_\_\_\_\_ **Use the forms provided, i.e., cover page, "ALL" Affidavit forms, etc.**
8. \_\_\_\_\_ **Check the GVB website for IFB addenda.** Before submitting your response, check the GVB website at [www.guamvisitorsbureau.com](http://www.guamvisitorsbureau.com) to see whether any addenda were issued for the IFB. If so, you must submit a signed copy of the addendum for each addendum issued along with your IFB response.
9. \_\_\_\_\_ **Review and read the IFB document again** to make sure that you have addressed all requirements. Your original response and the requested copies must be identical and be complete. The copies are provided to the evaluation committee members and will be used to score your response.
10. \_\_\_\_\_ **Submit your response on time.** Note all the dates and times listed in the MULTI-STEP INVITATION FOR BID and within the document, and be sure to submit all required items on time. Late bid responses are **never** accepted.

**APPENDIX A TECHNICAL SPECIFICATIONS - GENERAL SCOPE OF WORK**

**TREE MITIGATION PROJECT**

OVERVIEW

The mission of the Guam Visitors Bureau (GVB) is to grow and diversify visitor arrivals by creating a positive destination experience. While the Bureau continually promotes Guam as a favorable visitor destination, tree mitigation is needed for the purpose of enhancing the natural beauty and improve trees along San Vitores Road, which will enhance the natural backdrop of the Guam visitor experience. Due to the lack of a “true standards-based” tree management plan, the trees in the Tumon landscape have degraded in structure, health and vigor to a state where many now pose a threat to public safety and infrastructure. Large trees are now coming into full form and are beginning to damage the surrounding infrastructure and will need to be removed to prevent further damage.

OPERATIONS AND ADMINISTRATIVE SCOPE OF SERVICE/WORK

The GVB intends to procure services from qualified and licensed contractors to mitigate trees along San Vitores Road. Delivery of schedule for service and safety plan requirements will be reviewed for the purpose of determining the manner and degree to which those requirements are met. Contractors are required to perform in accordance with the following specifications:

1. DEVELOP A SCHEDULE FOR SERVICES AND SAFETY PLAN
  - a. Provide signs and cones to alert motorists and pedestrians of tree work.
  - b. Contractor shall ensure protective measures are used to prevent tree limbs from damaging or injuring pedestrians, automobiles, structures, and other valuable items. All portions of existing grounds, curbs, pavement, sidewalks and other government property damaged or destroyed in any way during performance of the work under this contract shall be repaired in kind, or in a manner approved by GVB, to match existing or adjoining conditions at the contractor’s expense.
  - c. Contractor shall procure all necessary permits prior to conducting tree pruning and/or removal (i.e., Tree Cutting Permit, Highway Encroachment Permit).
  - d. Contractor shall be responsible for the safety of their workers and the public.
  - e. Should the contractor, during the course of the work, encounter any invasive species (i.e., Coconut Rhinoceros Beetle, Little Fire Ant, Greater Banded Hornet), the Contractor must inform the Contract Inspector and take steps to mitigate or prevent the spread of these species of concern.
  - f. Contractor must provide name of Certified Arborist in Bid Offer.
  - g. Certified Arborist is required to oversee the pruning of retained trees to ensure that proper pruning practices are implemented. The arborist should be knowledgeable with the different pruning techniques as well as familiar with plant responses due to pruning.
