OFFEROR'S RFP CHECKLIST

The 10 Most Critical Things to Keep in Mind When Responding to an RFP for GVB

1. _____ **Read the entire document.** Note critical items such as: mandatory requirements; supplies/services required; submittal dates; number of copies required for submittal; contract requirements.
2. _____ **Note the procurement officer's name, address, phone numbers and e-mail address.** This is the only person you are allowed to communicate with regarding the RFP and is an excellent source of information for any questions you may have.
3. _____ **Attend the pre-proposal conference** if one is offered. These conferences provide an opportunity to ask clarifying questions, obtain a better understanding of the project, or to notify GVB of any ambiguities, inconsistencies, or errors in the RFP.
4. _____ **Take advantage of the "question and answer" period.** Submit your **written** questions to the procurement officer by the due date listed in the Schedule of Events and view the answers given. Should an addendum be required, GVB will issue a formal "addendum" for the RFP. All addenda issued for an RFP are posted on GVB's website.
5. _____ **Follow the format required in the RFP** when preparing your response. Provide point-by-point responses to all sections in a clear and concise manner.
6. _____ **Provide complete answers/description.** Read and answer **all** questions and requirements. Don't assume GVB or evaluation committee will know what your company capabilities are or what items/services you can provide, even if you have previously contracted with GVB. The proposals are evaluated based solely on the information and materials provided in your response.
7. _____ **Use the forms provided**, i.e., cover page, "ALL" Affidavit forms, etc.
8. _____ **Check the GVB website for RFP addenda.** Before submitting your response, check the GVB website at www.guamvisitorsbureau.com to see whether any addenda were issued for the RFP. If so, you must submit a signed copy of the addendum for each addendum issued along with your RFP response.
9. _____ **Review and read the RFP document again** to make sure that you have addressed all requirements. Your original response and the requested copies must be identical and be complete. The copies are provided to the evaluation committee members and will be used to score your response.
10. _____ **Submit your response on time.** Note all the dates and times listed in the Schedule of Events and within the document, and be sure to submit all required items on time. Late proposal responses are **never** accepted.

This checklist is provided for assistance only and should not be submitted with the Offeror's Response.

SECTION 1 REQUEST FOR PROPOSALS OVERVIEW

1.0 Statement of Purpose

The Guam Visitors Bureau is seeking proposals for the production of a groundbreaking online video-based training series designed to provide instruction and training that creates and delivers a consistent Håfa Adai Spirit standard targeted to support Guam tourism's front line service operations within the industry.

In FY2015, the inception of the Visitor Industry Professional Program began. This project fits within the GVB's Tourism 2020 mission to raise the quality of the destination that will provide a variety of convenient training modules geared to front line staff to subject areas such as: customer service, basic job skills, basic language skills, visitor cultural familiarization, Guam offerings, and Guam's culture and history.

The GVB seeks a qualified individual or company to produce video modules that will provide small "bite size" videos of 2-3 minutes that can be made available through an online portal.

This will be viewed online via streaming video that will make accessible and convenient for tourism industry employees, many of whom may not have the time and/or resources to attend, in person, classes or to complete multi-year certifications programs due to heavy work schedules, multiple jobs and family obligations. This library of custom-made tutorial videos and training for employees shall be accessed from a computer, tablet or smartphone. This approach will also facilitate cost effective remedial training for Guam's 18,000 hospitality workers in a manner that would be nearly impossible to accomplish in a traditional classroom environment.

Additionally, since the purpose of the video modules is educational and instructional, the GVB will expect features that engage learners and facilitate the acquisition of knowledge and skills. Note that the target audience may not possess academic qualifications beyond a GED and may not have any prior exposure to or experience with computer technology.

The GVB expects that the video modules will follow a coherent design that reflects a consistent framework and establishes a professional yet creative and engaging tone.

1.1 Scope of Work

Section I: Overview

The Guam Visitors Bureau needs a video production partner(s) who will collaboratively work with the GVB team on design, film, edit, and produce the video modules. This project will result in the online deployment of videos designed to provide instruction in education and training of tourism's front line service industry.

The successful offeror will be required to produce videos that consist of:

- Language
- Cultural values
- About Guam
- Sightseeing
- Guest Services

- Job Specifics

The video modules will be housed on an online platform, along with downloadable resources, assessments, and other features. Curriculum content and scripts have already been developed and completed.

Each module would consist of a series of 4-5 videos with each video lasting two to three minutes in length. Adding in time for quizzes, it might take an average student about (6) hours to complete. Individual modules are meant to be quick to complete in order to inspire participation, convenience and acquisition of content.

The completed web-based video project will be approximately 396 total minutes; however, video footage may be used across multiple modules, and media may include still shots, graphics, and other elements.

The established project timeline includes a launch date to the public of January 01, 2017 and will require the completion of video production by October 30, 2016. Note that while the timeline above is non-negotiable, the scope of work reflects the best estimates at the time of this RFP release and will be finalized in contract negotiations.

Section II: Planning

The selected video production partner(s) will fulfill the following:

Project Management:

- Ensure alignment with overall project timeline;
- Work with the GVB team to set and track project milestones in accordance with overall timeline;
- Provide routine status updates;
- Manage costs of time and materials to remain within budget;
- Proactively identify and communicate challenges;
- Coordinate quality control of all development work and deliverables; and
- Provide a single point person to oversee the partnership.

Pre-Production:

- Provide creative approach that incorporates the Guam brand, utilized approaches that engage the online learner, and ensures consistency across the video series through the establishment of a framework for the modules;
- Create an education and/or instructional design that facilitates learning of the complex concepts outlined in narratives authored by the GVB team;
- Identify video, graphic, and sound elements for the video modules that will be used;
- Provide storyboards that illustrate the concept;
- Plan to cast and use talent;
- Ensure fidelity to the established branding and design throughout the entire video production process.

Video Production:

- Work with the GVB team to develop an approach to conduction field shoots;

- Prepare on-site locations for filming. Preparations may include, but are not limited to: reviewing shot lists with the GVB team; scouting the location prior to filming, altering the physical environment and/or adapting the film approach to ensure minimal disruptions to film participants;
- Work with the GVB team to conduct field filming in dynamic environments, including but not limited to, restaurants, hotels, shopping center, parks and other points of interest to capture all footage required to make the video modules. Interest offerors for the RFP should consider that video clips may be used in more than one module;
- Utilize .mp4 and .mov formats and 1080p high definition resolution;
- Upload unedited raw footage with metadata tags to a designated storage area;
- Work with the GVB team to review rough cuts, develop the sequence of video clips, and identify gaps in footage for additional filming.
- Edit to final production professional grade copy with absolute attention to detail on video, graphic and sound elements;
- Upload final edited version raw footage and rough cuts of all filming sessions for the GVB to save, review and otherwise use without limitation at any point during and after fulfillment of the contract;
- Provide professional studio or facilities for shooting, if needed.

Interested offerors to this RFP may specialize in a particular area of video production, e.g. creative and educational/instructional design or video filming and editing, or possess the full range of capabilities required by the project.

Given the highly collaborative nature of the project, all applicants must have the demonstrated ability to work seamlessly across a team to identify and leverage knowledge, equipment and resources in a cost-effective manner.

Section III: Development

The GVB expects all video modules will have professional-grade production features and all raw footage it needs to be submitted.

GVB shall give the Offeror notice of any proposed change and an opportunity to be heard concerning those matters. The scope and method of providing services as referenced herein shall also be liberally construed to include, but is not limited to, the manner, procedures, operations and obligations, financial or otherwise, of the Offeror. Nothing contained in the contract shall require any party to perform any act or function contrary to law. GVB and the Offeror agree to enter into good faith negotiations regarding modifications to the contract, which may be required in order to implement changes in the interest of the public welfare or due to change in law. If GVB and Offeror are unable to agree as to the disclosure of certain portions of Offeror's proposal, GVB shall inform the Offeror in writing what portion of the proposal will be disclosed and that, unless the Offeror withdraws the proposal, or protests under 5 GCA Article 9 (Legal and Contractual Remedies) of the Guam Procurement Law, the information may be so disclosed. 3.0 Defined Terms

The terms used in these Instructions to Offerors are defined in Guam's procurement laws and regulations have the same meanings assigned to them in this RFP. The term "successful Offeror" means the best-qualified Offeror for the required services to whom GVB (on the basis of GVB's evaluation as hereinafter provided) makes an award. The term "request for proposals documents" includes the invitation to submit a proposal, instructions to Offerors, and all addenda. The term "GVB" means the Guam Visitors Bureau and vice versa. The term "price data" are factual information concerning prices, including profit, for supplies, services, or construction substantially similar to those being procured. In this definition, "prices" refer to offered or proposed selling prices, historical selling prices, and current selling prices of such items. This definition of "prices" refers to data relevant to both prime and subcontract prices. The term "cost data" are information concerning the actual or estimated cost of labor, material, overhead, and other cost elements which have been actually incurred or which are expected to be incurred by the contractor in performing the contract.

For the purpose of interpretation of the proposal, the English language translation shall prevail.

If made by a firm or partnership, the name and mailing address of each member of the firm or partnership must be shown. After the date established for receipt of proposals, a registrar of proposals will be prepared which shall include all proposals, the name of each Offeror, the number of modifications received, if any, and a description sufficient to identify the service item offered. The registrar of proposals shall be opened to public inspection only after award of the contract. Proposals and modifications shall be shown only to GVB procurement personnel having an interest in them.

- B. **Non-Disclosure of Information:** Discussions shall not disclose any information derived from proposals submitted by other Offerors, and GVB shall not disclose any information contained in any proposals until after award of the proposed contract has been made.  - 2. Determining that the Offeror will make available the necessary personnel and facilities to perform the services within the required time.
 - 3. Agreeing upon compensation which is fair and reasonable, taking into account the estimated value of the required services, and the scope, complexity, and nature of such services.

3.10 Successful Negotiation of Contract With Best-Qualified Offeror

If compensation, contract requirements, and contract documents can be agreed upon with the best-qualified Offeror, and subject to Board approval, the contract shall be awarded to that Offeror. Written notice of award shall be public information and made a part of GVB's procurement file.

3.11 Failure to Negotiate Contract With Best-Qualified Offeror

- A. If compensation, contract requirements, or contract documents cannot be agreed upon with the best qualified Offeror, a written record stating the reasons therefore shall be placed in the procurement file and GVB shall advise such Offeror of the termination of

negotiations which shall be confirmed by GVB's written notice to such Offeror.

- B. Upon failure to negotiate a contract with the best-qualified Offeror, GVB may enter into negotiations with the next most qualified Offeror. If compensation, contract requirements, and contract documents can be agreed upon, then the contract shall be awarded to that Offeror. If negotiations again fail, negotiations shall be terminated as set forth in paragraph 3.11(A) above and new negotiations shall commence with the next qualified Offeror.
- C. Should GVB be unable to negotiate a contract with any of the Offerors initially selected as the best qualified Offerors, offers may be resolicited, or additional Offerors may be selected based on original, acceptable submissions in the order of their respective qualification ranking and negotiations may continue until an agreement is reached and the contract is awarded.

3.12 Cancellation of Solicitation; Delays

GVB reserves the right to cancel or to withdraw this RFP as provided in law and regulation, to delay any GVB determination required by the RFP, or to reject all proposals, or any individual Proposal in whole or in part at any time prior to the final award in the best interest of GVB as provided in law and regulation. The reasons for the cancellation, delay, or rejection shall be made a part of the procurement file and shall be available for public inspection.

- A. After opening of the proposals, but prior to award, all proposals or any individual proposal in whole or in part, may be rejected when GVB determines in writing that such action is in the territory of Guam's best interest for reasons including but not limited to:
 - 1. The supplies or services being procured by this solicitation are no longer needed.
 - 2. Ambiguous or otherwise inadequate specifications were part of the solicitation.
 - 3. The solicitation did not provide consideration of all factors of significance to the territory.
 - 4. The proposals only offer prices which exceed available funds and it would not be appropriate to adjust quantities to come within available funds.
 - 5. All otherwise acceptable proposals received contain unreasonable prices.
 - 6. There is reason to believe that the proposals may not have been arrived at in open competition, and/or that there was collusion between Offerors and/or the proposals were not submitted in good faith.

If this RFP is cancelled or all the proposals have been rejected prior to final award, notice of cancellation or rejection shall be sent to all Offerors. The reasons for the cancellation or rejection shall be made a part of the procurement file and shall be

available for public inspection.

- B. GVB may reject any individual proposal in whole or in part when such rejection is in the best interest of the territory. Reasons for rejecting a proposal in whole or in part include but are not limited to:
1. GVB has determined that the Offeror is not a responsible Offeror pursuant to 2 GAR, Div. 4, Chap. 3, §3116.
 2. The proposal is non-responsive, that is, it does not conform in all material respects to the RFP.
 3. The offered supply or service in the proposal is unacceptable by reason of its failure to meet the requirements of the specifications or permissible alternatives or other acceptable criteria set forth in the RFP.

3.13 Disqualification of Proponent

More than one proposal from an individual, firm, partnership, corporation, or association under the same or different names will not be considered. Reasonable grounds for believing that an Offeror has an interest in more than one (1) proposal for the same work will cause the rejection of all proposals in which such Offeror is believed to have an interest. Any or all proposals will be if there is reason to believe that collusion exists among the Offerors and no participants of such collusion will be considered in future request for proposals for the same work. Proposals in which the prices obviously are unbalanced will be rejected. Proposals submitted by Offerors who do not meet the evaluation criteria will not be considered for review by GVB.

3.14 Right to Reject Proposal

GVB reserves the right to reject any or all Proposals in accordance with law and regulation, and to waive technical errors, or minor informalities, or to accept any proposals in part.
