SECTION III

INSTRUCTIONS TO OFFERORS

3.0 Defined Terms

The terms used in these Instructions to Offerors are defined in Guam's procurement laws and regulations have the same meanings assigned to them in this RFP. The term "Offeror" means one who submits a proposal directly to GVB, as distinct from a sub-offeror who submits a proposal to the Offeror. The term "successful Offeror" means the best-qualified Offeror for the required services to whom GVB (on the basis of GVB's evaluation as hereinafter provided) makes an award. The term "request for proposals documents" includes the invitation to submit a proposal, instructions to Offerors, and all addenda. The term "GVB" means the Guam Visitors Bureau and vice versa. The term "price data" are factual information concerning prices, including profit, for supplies, services, or construction substantially similar to those being procured. In this definition, "prices" refer

to offered or proposed selling prices, historical selling prices, and current selling prices of such items. This definition of "prices" refers to data relevant to both prime and subcontract prices. The term "cost data" are information concerning the actual or estimated cost of labor, material, overhead, and other cost elements which have been actually incurred or which are expected to be incurred by the contractor in performing the contract.

3.1 Type of Procurement

This procurement is a Request for Proposal (RFP).

3.2 Language of Proposal

The proposal prepared by the Offeror and all correspondence and documents relating to the proposal exchanged by the Offeror and GVB shall be written in the English language. Supporting documents and printed literature furnished by the Offeror with the proposal may be in another language provided they are accompanied by an appropriate translation of relevant passages in the English language. For the purpose of interpretation of the proposal, the English language translation shall prevail.

3.3 Familiarity with Laws

The Offeror is assumed to be familiar with all U.S. federal and Guam laws that in any manner affect the work to be performed under this RFP. Ignorance on the part of the Offeror will in no way relieve them from responsibility.

3.4 Signature on Proposal

The Offerors must sign their proposals correctly. If the proposal is made by an individual, said individual's name and mailing address must be shown. If made by a firm or partnership, the name and mailing address of each member of the firm or partnership must be shown. If made by a corporation, the person signing the proposal shall show the name of the country, state, or territory under the laws of which the corporation was chartered, and the names and business address of its president, secretary, and treasurer. A proposal submitted by a joint venture must be accompanied by the document of formation of the joint venture, duly registered and authenticated by a notary public, in which is defined precisely the conditions under which it will function, its period of duration, the persons authorized to represent and obligate it, the participation of the several firms forming the joint venture, the principal member of the joint venture, and address for correspondence for the joint venture. The Offeror is advised that the joint venture agreement must include a clause stating that the members of the joint venture are severally and jointly bound by the terms of the contract.

3.5 Currencies of Proposal and Payment

All rates and prices in the proposal and all payments to the Offeror shall be in the currency of the United States of America.

3.6 Modification or Withdrawal of Proposals

Proposals may be modified or withdrawn at any time prior to the submission date.

3.7 Receipt, Opening and Recording of Proposals

Upon receipt, each proposal and/or modification will be time-stamped, held in a secure place, and not be opened until the proposal closing date. The only acceptable evidence to establish the date and time of receipt at GVB is the date and time stamp of the GVB Head Office on the wrapper or other documentary evidence of receipt maintained by GVB. Proposals and modifications shall not be opened publicly but shall be opened in the presence of two or more GVB procurement officials. After the date established for receipt of proposals, a registrar of proposals will be prepared which shall include all proposals, the name of each Offeror, the number of modifications received, if any, and a description sufficient to identify the service item offered. The registrar of proposals shall be opened to public inspection only after award of the contract. Proposals and modifications shall be shown only to GVB procurement personnel having an interest in them.

3.8 Evaluations and Discussions

- A. Evaluation: GVB will evaluate all proposals submitted and may conduct discussions with any Offeror. The purpose of such discussions shall be to:
 - 1. Determine in greater detail such Offeror's qualifications; and
 - 2. Explore with the Offeror the scope and nature of the required services, the Offeror's proposed method of performance, and the relative utility of alternative methods of approach.
- B. Non-Disclosure of Information: Discussions shall not disclose any information derived from proposals submitted by other Offerors, and GVB shall not disclose any information contained in any proposals until after award of the proposed contract has been made. The proposal of the Offeror awarded the contract shall be opened to public inspection except as otherwise provided for in the contract. The proposals of the Offerors who are not awarded the contract shall not be opened to public inspection.
- C. Selection of the Best Qualified Offeror: Upon completion of the validation of qualifications, evaluations, and discussions, GVB shall select, in the order of their respective qualification ranking, no fewer than three (3) acceptable Offerors, or such lesser number if less than three (3) acceptable proposals were received, deemed to be the best qualified to provide the required services.
- D. Submission of Cost or Pricing Data: The Offeror determined to be the best qualified shall be required to submit cost or pricing data to GVB at a time

specified by GVB prior to the commencement of negotiations.

3.9 Negotiations

- A. General: GVB shall negotiate a contract with the best-qualified Offeror for the required services at a compensation determined in writing to be fair and reasonable.
- B. Elements of Negotiation: Contract negotiations shall be directed toward:
 - 1. Making certain that the Offeror has a clear understanding of the scope of work, specifically, the essential requirements involved in providing the required services.
 - 2. Determining that the Offeror will make available the necessary personnel and facilities to perform the services within the required time.
 - 3. Agreeing upon compensation, which is fair and reasonable, taking into account the estimated value of the required services, and the scope, complexity, and nature of such services.

3.10 Successful Negotiation of Contract With Best-Qualified Offeror

If compensation, contract requirements, and contract documents can be agreed upon with the best-qualified Offeror, and subject to Board approval, the contract shall be awarded to that Offeror. Written notice of award shall be public information and made a part of GVB's procurement file.

3.11 Failure to Negotiate Contract With Best-Qualified Offeror

- A. If compensation, contract requirements, or contract documents cannot be agreed upon with the best qualified Offeror, a written record stating the reasons therefore shall be placed in the procurement file and GVB shall advise such Offeror of the termination of negotiations which shall be confirmed by GVB's written notice to such Offeror.
- B. Upon failure to negotiate a contract with the best-qualified Offeror, GVB may enter into negotiations with the next most qualified Offeror. If compensation, contract requirements, and contract documents can be agreed upon, then the contract shall be awarded to that Offeror. If negotiations again fail, negotiations shall be terminated as set forth in paragraph 3.11(A) above and new negotiations shall commence with the next qualified Offeror.
- C. Should GVB be unable to negotiate a contract with any of the Offerors initially selected as the best qualified Offerors, offers may be resolicited, or additional Offerors may be selected based on original, acceptable submissions in the

order of their respective qualification ranking and negotiations may continue until an agreement is reached and the contract is awarded.

3.12 Cancellation of Solicitation; Delays

GVB reserves the right to cancel or to withdraw this RFP as provided in law and regulation, to delay any GVB determination required by the RFP, or to reject all proposals, or any individual proposal in whole or in part at any time prior to the final award in the best interest of GVB as provided in law and regulation. The reasons for the cancellation, delay, or rejection shall be made a part of the procurement file and shall be available for public inspection.

- A. After opening of the proposals, but prior to award, all proposals or any individual proposal in whole or in part, may be rejected when GVB determines in writing that such action is in the best interest of the territory of Guam for reasons including but not limited to:
 - 1. The supplies or services being procured by this solicitation are no longer needed.
 - 2. Ambiguous or otherwise inadequate specifications were part of the solicitation.
 - 3. The solicitation did not provide consideration of all factors of significance to the territory.
 - 4. The proposals only offer prices, which exceed available funds, and it would not be appropriate to adjust quantities to come within available funds.
 - 5. All otherwise acceptable proposals received contain unreasonable prices.
 - 6. There is reason to believe that the proposals may not have been arrived at in open competition, and/or that there was collusion between Offerors and/or the proposals were not submitted in good faith.

If this RFP is cancelled or all the proposals have been rejected prior to final award, notice of cancellation or rejection shall be sent to all Offerors. The reasons for the cancellation or rejection shall be made a part of the procurement file and shall be available for public inspection.

B. GVB may reject any individual proposal in whole or in part when such rejection is in the best interest of the territory of Guam. Reasons for rejecting a proposal in whole or in part include but are not limited to:

- 1. GVB has determined that the Offeror is not a responsible Offeror pursuant to 2 GAR, Div. 4, Chap. 3, §3116.
- 2. The proposal is non-responsive, that is, it does not conform in all material respects to the RFP.
- 3. The offered supply or service in the proposal is unacceptable by reason of its failure to meet the requirements of the specifications or permissible alternatives or other acceptable criteria set forth in the RFP.

3.13 Disqualification of Proponent

More than one proposal from an individual, firm, partnership, corporation, or association under the same or different names will not be considered. Reasonable grounds for believing that an Offeror has an interest in more than one (1) proposal for the same work will cause the rejection of all proposals in which such Offeror is believed to have an interest. Any or all proposals will be rejected if there is reason to believe that collusion exists among the Offerors and no participants of such collusion will be considered in future request for proposals for the same work. Proposals in which the prices obviously are unbalanced will be rejected. Proposals submitted by Offerors who do not meet the evaluation criteria will not be considered for review by GVB.

3.14 Right to Reject Proposal

GVB reserves the right to reject any or all Proposals in accordance with law and regulation, and to waive technical errors, or minor informalities, or to accept any proposals in part.

3.15 Award of Contract

The award of contract, if it is awarded, will be awarded to the best qualified Offeror for the required services at a compensation determined in writing to be fair and reasonable, and subject to the approval of the Board. In no case will the award be made until GVB has completed all necessary investigations into the responsibility of the proposed Offeror, and GVB is satisfied that the proposed Offeror is qualified to do the work and has the necessary organization, capitol, and equipment to carry out the provisions of the contract to GVB's satisfaction within the time specified.

3.16 Execution of Contract

The Offeror which is determined to be the best qualified, or the next best qualified Offeror should GVB cease contract negotiations with better qualified Offerors, shall sign the necessary agreement entering into a contract with GVB, and return a fully executed contract, containing the terms mutually agreed upon by the parties, to GVB within *seven* (7) calendar days after GVB determines in writing that the Offeror's requested compensation for the required services is fair and reasonable.

3.17 Addenda

Any amendment, modification, or addenda issued by GVB, prior to the established due date of the proposals, for the purpose of changing the intent of the plans and specifications clarifying the meaning, or changing any of the provisions of this RFP, shall be binding to the same extent as if originally required by this RFP. Any addenda issued by GVB will be sent to all Offerors in duplicate. Notice may also be obtained by accessing GVB's website. The Offerors shall acknowledge receipt of the same by their signatures on one copy, which is to be returned to GVB, and said copy shall accompany the Offerors respective proposals. Acknowledgment may also be made in writing or by email.

3.18 Monthly Activity Reports

As a vehicle for monitoring and measuring the services procured by this solicitation, the Agency shall record its representation performance on required report formats prescribed by GVB on a scheduled basis as detailed in the Scope of Work in this RFP. Failure to submit such reports may result in the delay or forfeiture of payment due to the Agency.

3.19 Invoicing, Payment Terms and Conditions

All applicable invoices from the Offeror who is awarded the contract arising from this RFP shall include supporting documents (i.e., timesheets, shipping invoices, consumable listings, receipts, etc.). All supporting documents must be reviewed and approved by GVB prior to invoice submittal for charges. All applicable GVB approved invoices will be paid net thirty (30) days from the date the invoices are received by GVB. Payment shall be made using a method mutually agreed upon by GVB and the successful Offeror. Applicable invoices must be submitted no later than three (3) months after completion of any given task or project. Failure to do so may result in forfeiture of payment.

3.20 Taxes

The successful Offeror shall be liable for all applicable taxes and duties. GVB shall have no tax liability under this contract arising from this RFP. Specific information on taxes may be obtained from the Department of Revenue and Taxation, Government of Guam.

3.21 Licensing

GVB will not consider for award any proposal submitted by an Offeror who has not complied with Guam's business and/or other licensing laws. Specific information on licenses may be obtained from the Department of Revenue and Taxation, Government of Guam.

3.22 Disclosure of Major Shareholders

As a condition of submitting a proposal in response to this RFP, all Offerors, whether they are partnerships, sole proprietorships, or corporations, shall submit an affidavit executed under oath that lists the name and address of any person who has held more than ten (10) percent of the outstanding interest or shares in said partnership, sole

proprietorship, or corporation, at any time during the twelve (12) month period immediately preceding submission of the proposal made in response to this RFP. The affidavit shall contain the name and address of any person who has received or is entitled to receive a commission, gratuity, or other compensation for procuring or assisting in obtaining business related to this RFP for the Offeror and shall also contain the amounts of any such commission, gratuity, or other compensation. The affidavit shall be open and available to the public for inspection and copying. Each affidavit shall be prepared and notarized at the time of signing, and any such affidavits made and/or notarized prior to the issuance of, or after the due date of this RFP shall be deemed unacceptable resulting in the proposal to be deemed non-responsive to this RFP.

3.23 Local and Veteran Procurement Preference

Offerors who seek local procurement preference may request it as part of their proposals, for GVB's consideration. Only Offerors who qualify for local procurement preference pursuant to 5 GCA §5008 may receive said preference by GVB. The GVB will employ where applicable a service-disabled veteran owned business preference in accordance with 5 GCA §5011.

3.24 Non-Collusion Affidavit

Offerors must submit a non-collusion affidavit provided with this RFP. Failure to submit said affidavit shall result in the Offeror's proposal to be deemed non-responsive to this RFP, and such proposal shall not be considered for award.

3.25 Restrictions Against Contractors Employing Sex Offenders from Working at Government of Guam Venues

The Offeror must submit with their proposal an affidavit acknowledging their responsibilities pursuant to 5 GCA §5253, Restriction Against Contractors Employing Convicted Sex Offenders from Working at Government of Guam Venues. Per this statute, the Offeror must affirm that:

In addition to the applicable Wage Determination, the contract shall contain provisions mandating health and similar benefits for employees, such benefits having a minimum value as detailed in the Wage Determination promulgated by the U.S. Department of Labor and shall contain provision guaranteeing a minimum of ten (10) paid holidays per annum for each employee.

Note: Executive Order (EO) 13706 Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness injury or other health-related needs including preventive care; to assist a family member (or person who is like family to the employee) who is ill injured or has other health-related needs including preventive care; or for reasons resulting from or to assist a family member (or person who is like family to the employee) who is the victim of domestic violence sexual assault or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: Life accident and health insurance plans sick leave pension plans civic and personal leave severance pay and savings and thrift plans. Minimum employer contributions costing an average of \$4.54 per hour computed on the basis of all hours worked up to 40 hours per week by service employees employed on the contract.

HEALTH & WELFARE EO 13706: Minimum employer contributions costing an average of \$4.22 per hour computed on the basis of all hours worked up to 40 hours per week by service employees employed on the covered contracts. *

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706 Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; and 4 weeks after 3 years. Length of service includes the whole span of continuous service with the present contractor or successor wherever employed and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day Martin Luther King Jr.'s Birthday Washington's Birthday Memorial Day Independence Day Labor Day Columbus Day Veterans' Day Thanksgiving Day and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b) this wage determination does not apply to any employee who individually qualifies as a bona fide executive administrative or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

- (1) The application of systems analysis techniques and procedures including consulting with users to determine hardware software or system functional specifications;
- (2) The design development documentation analysis creation testing or modification of computer systems or programs including prototypes based on and related to user or system design specifications;
- (3) The design documentation testing creation or modification of computer programs related to machine operating systems; or
- (4) A combination of the aforementioned duties the performance of which requires the same level of skills. (29 C.F.R. 541.400).
- 2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

** HAZARDOUS PAY DIFFERENTIAL **

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance explosives and incendiary materials. This includes work such as

screening blending dying mixing and pressing of sensitive ordnance explosives and pyrotechnic compositions such as lead azide black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization modification renovation demolition and maintenance

operations on sensitive ordnance explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with or in close proximity to ordnance (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands face or arms of the employee engaged in the operation irritation of the skin minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving unloading storage and hauling of ordnance explosive and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance explosives and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract by the employer by the state or local law etc.) the cost of furnishing such uniforms and maintaining (by

laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount or the furnishing of contrary affirmative proof as to the actual cost) reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of ""wash and wear"" materials may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning daily washing or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract by the contractor by law or by the nature of the work there is no requirement that employees be reimbursed for uniform maintenance costs.

** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS **

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations" Fifth Edition (Revision 1) dated September 2015 unless otherwise indicated.

** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE Standard Form 1444 (SF-1444) **

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein, and which is to be employed under the contract (i.e. the work to be performed is not performed by any classification listed in the wage

determination) be classified by the contractor so as to provide a reasonable relationship (i.e. appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification wage rate and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be confirmed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award the contractor prepares a written report listing in order the proposed classification title(s) a Federal grade equivalency (FGE) for each proposed classification(s) job description(s) and rationale for proposed wage rate(s)

including information regarding the agreement or disagreement of the authorized representative of the employees involved or where there is no authorized representative the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

- 3) The contracting officer reviews the proposed action and promptly submits a report of the action together with the agency's recommendations and pertinent information including the position of the contractor and the employees to the U.S. Department of Labor Wage and Hour Division for review (See 29 CFR 4.6(b)(2)(ii)).
- 4) Within 30 days of receipt the Wage and Hour Division approves modifies or disapproves the action via transmittal to the agency contracting officer or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.
- 6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request the "Service Contract Act Directory of Occupations" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember it is not the job title but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split combine or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."
