GUAM RECEIVES FIRST SHIPMENT OF COVID-19 VACCINES

Department of Public Health and Social Services (DPHSS) Director Arthur San Agustin announced the arrival in Guam of the first 3,900 doses of the Pfizer-BioNTech COVID-19 vaccine. The doses were sent as part of the initial nationwide shipments that followed the Emergency Use Authorization for the Pfizer-BioNTech vaccine issued by the U.S. Food and Drug Administration (FDA) on December 12.

The department plans to begin vaccinations on Thursday, December 17 at Okkodo High School in Dededo, where the school cafeteria and gymnasium will be set up as a temporary vaccination clinic. The initial doses will be administered through closed points of dispensing (PODs).

DPHSS has partnered with the Guam Memorial Hospital Authority (GMHA) and the Guam Regional Medical City (GRMC) to administer the first doses of the vaccines to those identified under the Phase 1 priority group. DPHSS will distribute vaccines to both GMHA and GRMC, which will administer doses to their respective staff who have been pre-identified to receive the first doses.

The initial doses are dedicated for use as the first of the required two-dose regimen. The manufacturer has reserved an equal number of the second dose, which will be shipped in the coming weeks.

The vaccination plan developed by DPHSS largely follows recommendations by the U.S. Centers for Disease Control and Prevention (CDC) and prioritizes healthcare workers who are at high risk of contracting COVID-19, such as nurses, physicians, first responders, and residents of long-term care facilities. Prioritizing beyond these groups will be defined by the Guam Vaccine and Antiviral Prioritization Policy Committee (VAPPC).

COVID-19 vaccine implementation will include an initial limited-supply phase followed by a general implementation phase, when large supplies of the vaccine become available.

The FDA stated that the Pfizer-BioNTech COVID-19 vaccine was 95% effective in preventing COVID-19 disease. The vaccine is administered as a series of two doses, 21 days apart.

Recommended guidelines from the CDC and ACIP will be used to train DPHSS nurses, vaccinators, and staff in preparation for the administration of the first doses of the vaccine on Guam.

For the latest information on COVID-19, visit dphss.guam.gov or guamrecovery.com. For inquiries on COVID-19, contact 311 through a local number, or call the Joint Information Center at (671) 478-0208/09/10.

DPHSS PHASE 1A VACCINATION CONTINUES THROUGH SATURDAY; PHASE 1A GROUP ENCOURAGED TO PARTICIPATE

The Department of Public Health and Social Services (DPHSS) will continue Phase 1a vaccinations on Friday, December 18 and Saturday, December 19 at Okkodo High School in Dededo, from 9 a.m. to 3 p.m.. The school cafeteria and gymnasium are set up as a temporary vaccination clinic. The initial doses will be administered through closed points of dispensing (PODs). The following healthcare personnel not affiliated with the Guam Memorial Hospital Authority (GMHA) or Guam Regional Medical City (GRMC) defined under the Phase 1a category are encouraged to participate in the temporary vaccination clinic:

PHASE	IDENTITY	CRITERIA
1a	Healthcare personnel <ul style="list-style-type: none">any person who provides health care services. This can include, but is not limited to, physicians, pharmacists, dentists, physician assistants, nurse practitioners, registered and other nurses, paramedics, emergency medical or laboratory technicians, and ambulance and emergency medical workers.	Having direct or indirect exposure to COVID-19 or infectious materials

If you are eligible to receive the vaccine under Phase 1a, you may proceed to the temporary vaccination clinic. Pre-registration is not required. A government-issued ID is required and you may be asked to present your employment ID.

For the latest information on COVID-19, visit dphss.guam.gov or guamrecovery.com. For inquiries on COVID-19, contact 311 through a local number, or call the Joint Information Center at (671) 478-0208/09/10.

GDOL TO RELEASE \$11.6 MILLION IN PUA

Per Gov. Lou Leon Guerrero's and Lt. Gov. Joshua Tenorio's directive, the Guam Department of Labor today successfully batched \$11.6 million in Pandemic Unemployment Assistance and Lost Wages Assistance, expected to get into the hands of the people by Christmas for cleared PUA claims through Dec. 9.

"It was the governor's and the department's top priority to get out these unemployment funds by Christmas. My team took on the immense project of clearing more than two months worth of unemployment claims and we're proud to say it was a success," said Department of Labor Director David Dell'Isola.

GDOL has requested the drawdown and funds should hit accounts early next week.

The successful counter measures put in place to prevent fraud and the smooth running of this batch has provided enough confidence for GDOL to try and run another LWA payment for the holidays. We aim to batch Tuesday, Dec. 22 for all cleared LWA claims through Dec. 9.

Guam Department of Labor also continues to put extra effort into problem claims. We encourage those applicants who have not received their initial PUA payment amount to email pua.hotline@dol.guam.gov with the subject line reading – "Urgent: Initial Claim Payment Request." Include your full name and claim number. For all others with open issues, please call 311 for assistance.

For claimants unable to file a weekly claim, please check your hireguam.com application dashboard prior to calling the PUA hotline. Check to see if you have maximized your benefits and reached your 39th week. PUA is a 39-week unemployment program. Please also be aware of the extra security measure of the CAPTCHA code that must be filled in along with your login information on the signin page.

The Guam Department of Labor would also like to wish everyone a safe and happy holiday season.

For more information on the unemployment assistance programs go to dol.guam.gov. For login issues, email webadmin@dol.guam.gov. For claim or weekly certification issues, email pua.hotline@dol.guam.gov.

UNITED AIRLINES NOW USING NEW CLOROX® ELECTROSTATIC SPRAYERS IN GUAM TO DISINFECT AIRPORT TERMINALS

As part of the United CleanPlus commitment to enhancing safety for travelers both onboard and at the airport, United Airlines is now using the Clorox® Total 360® System to disinfect terminals at 35 of the airline's busiest airports, including the A.B. Won Pat International Airport Guam. This electrostatic spraying system is similar to the electrostatic spraying technology used onboard aircraft and will be used to spray all United areas and surfaces at the airport terminal, employee spaces, the United Hangar, and the Guam City Ticket Office.

The disinfecting solution is EPA-approved to kill SARS-CoV-2, the virus that causes COVID-19. Through its United CleanPlus program, United has been working closely with Clorox and the Cleveland Clinic since early May to consult on all its cleaning and disinfection protocols. The airline currently uses Clorox Disinfection Wipes on all mainline aircraft and in United Club locations.

“At the beginning of this pandemic, we laid out our United CleanPlus commitment of putting health and safety at the forefront of the travel experience,” said Mike Hanna, senior vice president of airport operations at United. “In teaming up with Clorox, we’ve worked with their experts to enhance our cleaning procedures and roll out state-of-the-art products throughout the United journey to give our greater customers confidence when they travel. This is just one of many steps we are taking as part of our layered approach to safety.” “Throughout the pandemic, we’ve worked with United to help enhance the safety of their travelers with disinfecting protocols and products, as part of United’s holistic approach to traveler safety,” said Heath Rigsby, vice president of out of home for The Clorox Company. “We’re proud to extend these efforts to help passengers even before boarding their planes by using our Total 360System to disinfect surfaces within busy airport settings.”

The Clorox® Total 360® System charges and atomizes the Clorox disinfecting solutions to deliver a powerful flow of charged particles that attract to surfaces with a force stronger than gravity. This allows the product to reach and uniformly coat germ-prone surfaces, including areas that conventional trigger sprays may easily miss. United implemented its Guam program on Dec. 1 and expects all 35 airports will be using the systems daily by early December and plans to expand to additional airports in early 2021.

Sam Shinohara, managing director of airport operations for Asia/Pacific at United, added, “Implementing this program in Guam is another measure United is taking to support the island’s fight against COVID-19. We are proud to be one of 35 airports in our system to be offering this added layer of protection for our customers, employees, and visitor industry partners. Keeping everyone safe and feeling confident throughout their United journey and Guam travel experience is our top priority.”

For more details on all the ways United is helping keep customers safe during their journey, please visit [united.com/cleanplus](https://www.united.com/cleanplus).

I ESPIRITUN I TAOTAO-TA VIRTUAL CONCERT

Para I Probechu'n I Taotao-ta Inc., together with Saina Frank Rabon, Saina Eileen Meno – Masters of Chamorro Dance, I Manfafa'naguen Bailan Chamorro – (Tribal Council), Guma Paz Ginen San Francisco, & I Man Nanan Kiliyano presents “I Espiritun I Taotao-ta” virtual concert.

This event brings together “I Gima siha” (Dance houses) from Guam, CNMI, US Mainland, and Japan along with Musicians and Cultural Practitioners who will take the stage and share the beauty of our Chamoru culture with the world, instituted by the Masters of Chamorro Dance – 37 years ago!

Para I Probechu'n I Taotao-ta (PIPIT) is a non-profit cultural organization whose mission is to support community organizations and members that promote the preservation of the Chamorro Language and Culture.

“I Espiritun I Taotao-ta” will surely uplift spirits of young and old, and remind us of what makes Guam and the Chamorro People Unique!

This event can be streamed live on our Facebook (facebook.com/pipitinc671) and our YouTube Channel (PIPIT Inc.)

This “Made with Culture” Virtual Concert airs on Sunday, December 20th 2020, 10:00am (CHST)

For More information, please contact Vince San Nicolas at (671) 489-9839.

INETNON GEFPÅ'GO CELEBRATES 20 YEARS OF SHARING GUAM'S CULTURE

The Inetnon Gefpångo Cultural Arts Program (IGP) has marked its 20th anniversary in 2020 as an internationally acclaimed non-profit organization that continues to educate, perpetuate, and promote the CHamoru culture through the performing arts.

As part of the 20th anniversary commemoration, the award-winning group and Independent Guåhan had a special virtual reunion and YouTube premiere of the 2010 theatrical production- Guåhan: Fanhasso, Fanhita, Fanacho.

Inetnon Gefpångo also began production of its new eight part "Minagof Minute" series in partnership with Humanities Guåhan. The first episode is currently streaming on Instagram's IGTV platform.

Under the direction of Vince Reyes, Master of Chamorro Dance and National Folkdance Director for Guam, Inetnon Gefpångo has adapted its outreach to perpetuate fellowship through the arts during the ongoing COVID-19 pandemic.

"We are so grateful to share the CHamoru culture for the last 20 years in 27 countries, while instilling pride in our young people, and building an international network that spreads goodwill about our island home," said Reyes. "Our goal this year was to provide a space for everyone to breathe, pray, and meditate so it can bring them some relief and joy during this pandemic. We also discovered new platforms to keep cultural performances relevant and share our love for Guam. To all of our supporters, sponsors, and the community, we have achieved so many milestones because of you. On behalf of Inetnon Gefpångo, Sen Dangkulo na Si Yu'os Ma'åse'."

GVB NYE FIREWORKS SHOW CANCELLED

"GVB is helping with the recovery of Guam's tourism industry and prioritizing our limited resources to help contain Covid-19.

While GVB will not be hosting the long-standing New Year's Eve fireworks display this year, we extend our thanks and remain grateful for the support of sponsors and the community through the years."

Gerry Perez, GVB Vice President

SOUTH KOREA

KOREA COVID-19 NEWS

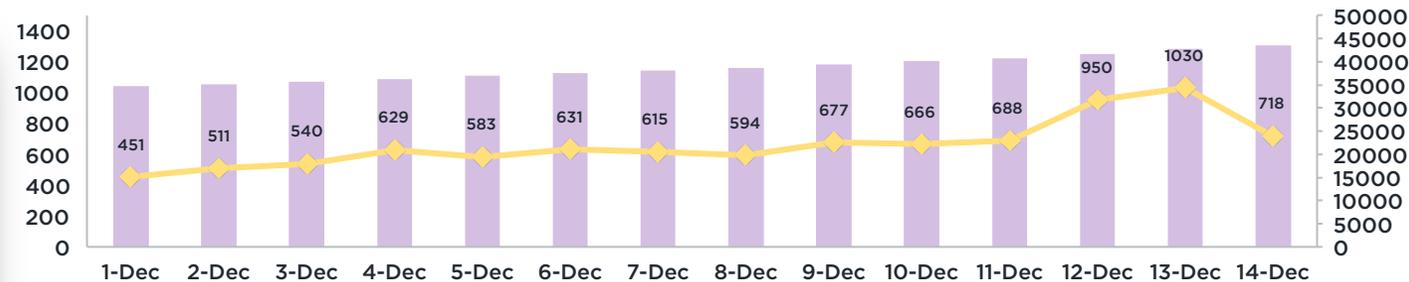

HIGHLIGHT

- The number of daily new cases remained around 400 to 600 earlier in recent two weeks, but exceeded over 900 on December 12, and broke through 1,000 on the next day, raising alarm among authorities.
- Cluster infections from private gatherings coupled with massive infections at a church and a hospital in the metropolitan area raised up the tally.
- The current situation is called "the worst crisis" since South Korea saw its first COVID-19 outbreak.

SOUTH KOREA RAISED SOCIAL DISTANCING MEASURE (DECEMBER 8~)

Level 1	Level 1.5	Level 2	Level 2.5	Level 3
Sporadic outbreaks	Community transmission begins	Full-blown community transmission	Nationwide epidemic begins	Full-blown nationwide epidemic
<ul style="list-style-type: none"> In-person class attendance capped at 2/3 of student with adjustments allowed Gatherings of over 500 people require prior consultations with local authorities. 	<ul style="list-style-type: none"> Festivals and certain other types of gatherings with over 100 participants banned Regular worship services allowed with indoor occupancy rate under 30%. 	<ul style="list-style-type: none"> In-person class attendance capped at 1/3 of student. All gatherings of over 100 people banned. Some virus-prone facilities have to suspend business. Restaurants are allowed to serve food until 9 p.m. 	<ul style="list-style-type: none"> In-person class attendance capped at 1/3 of student All gatherings of over 50 people banned. All religious services move online. 	<ul style="list-style-type: none"> All classes move online All gatherings of over 10 people banned. UNDER REVIEW

- On December 6, the government decided to raise social distancing measure for the **greater Seoul area to level 2.5, and all other area to level 2** amid the third wave of the pandemic.
- However, the government **considers enforcing the toughest level of social distancing measure** because the coronavirus cases continue to raise and broke the 1,000-mark for the first time on December 13.

GOVERNMENT TO OFFER FREE VIRUS TESTS AMID SPIKE IN COVID-19 CASES

As the virus continues to spike up across the country, the Korean government face growing pressure to take more strict containment steps such as raising the social distancing restriction level.

The government will begin implementing free virus tests at 150 COVID-19 testing sites in Seoul and its surrounding areas from December 14 to January 3, 2021 as the daily virus case reached over 1,000.

The authorities plan to mobilize 810 people, including military and police personnel, to support the aggressive testing campaign.

For the convenience of test takers, the authorities plan to take a quick antigen test and a saliva-based test.

GOVERNMENT EFFORTS TO CONTROL COVID-19

The country's antivirus fight stands at a "crucial phase" and the Korean government put their best efforts to contain the virus.

Assign more staff in epidemiological investigations
Add testing centers and secure more hospitals and treatment centers for COVID-19 patients.

Raise Social Distancing Measure
Implementing strict social distancing measure accordingly cope with outbreak.

Advise People
Advised to stay at home, and companies are required to have nonessential employees work from home.

Online Class
Only online classes are required for elementary schools and kindergartens in the capital until the end of this year.

Address Shortage of Hospital Beds
Seek an emergency measure to use a private university dormitory to accommodate new coronavirus patients.

TRAVEL TRADE NEWS

HONG KONG - SINGAPORE TRAVEL BUBBLE POSTPONED TO NEXT YEAR

- Travel bubble between Hong Kong and Singapore was planned to implement from November 22 but it's postponed for two weeks due to a spike in COVID-19 infection in Hong Kong and supposed to resume in December.
- However, Hong Kong and Singapore have decided to postpone Travel Bubble until next year as the number of local cases of unknown sources increasing rapidly in Hong Kong.

Most of reaction in public about the 1st postponement of Travel bubble was positive because safety is a priority.

Many people are very disappointed for another travel bubble postponement until next year.

Cheng Kim Siang
Well done Singapore government...Singapore citizens health safety are prime priority...

.I dont see this travel bubble going anywhere in 2020

NORTHERN MARIANAS TO OPEN BORDER TO KOREAN TRAVELERS ON JAN 8

- Northern Marianas is to **open border to Korean travelers on January 8** with a charter flight. Under the arrangement, tourists must show proof of a negative Covid-19 test 72 hours before arriving in the Northern Marianas.
- The islands' tourism body, the Marianas Visitors Authority, said the this is a litmus on the viability of opening the CNMI to tourism under the new normal.
- **If successful, it could pave the way for implementing with Japan.**

PROTOCOL

- Tourists show proof of a negative test 72 hours before arriving
- Take another test upon arrival and another test on the 5th day
- If fifth-day testing comes out negative the tourists will then be transported to Kensington Hotel
- Enjoy their holidays **The detailed restriction has not decided yet*

TRAVEL TRADE NEWS

OVERSEAS FLIGHT TO NOWHERE PRODUCT

- Following the Ministry of Land, Infrastructure and Transport's recent approval to allow 'Flights to Nowhere' (The special flights take passengers over other countries and then return to Korea.), **Asiana Airlines, Jeju Air, Air Seoul, and Air Busan** launched travel products.
- Flight to Nowhere passengers will be **exempt from self-quarantine or COVID-19 testing**. And **duty free shopping** is allowed for Flight to Nowhere passengers.

TAIWAN

SINGAPORE TO OPEN BORDERS TO TAIWAN

Singapore will lift travel restrictions on visitors from Taiwan starting next Friday (Dec. 18), exempting them from a two-week quarantine provided they test negative for the coronavirus.

Visitors arriving from Taiwan should remain in the island country for at least two weeks and must apply for an air travel pass before flying to Singapore. They will be asked to conduct a PCR test upon arrival, and if they test negative, they will be exempt from home quarantine.

INCLUSIVENESS SEEN AS KEY TO TAIWAN'S SUCCESS IN CONTAINING COVID-19

Taiwan constantly updated map apps that de-list locations when they ran low on masks. It also brought in a numbering system that eliminates long waits and guarantees that citizens can efficiently obtain masks. More than 10 million people have used the apps. This inclusive approach was key in making sure everyone stood to benefit.
